General Count Notes: I spoke with a local elementary school teacher who noted that the elementary and middle school use the LVRT every Thursday for a six week period during winter and take groups of students out to cross country ski or snow shoe. Student groups utilize the trail for a few weeks three times a year. Cross country skiers/students travel along the LVRT from the elementary school to the High School soccer fields and back. 29 students used the LVRT throughout the day on 1/7/16. High school students also use the trail 3 days a week in the spring for track.
